Day 02: Day 2: Angkor Temples By Bike

Today we get ready for our cycling adventure to the essentials of Angkor temples. Visit the main site of the complex and commute on wheels taking the less known trails. We start our ride to the ancient city of Angkor Thom, surrounded by an 8m high wall. Angkor Thom was the last capital of the Great Khmer Empire under the reign of Jayavarman VII. We continue to Bayon in the exact centre of the city. This 12th century masterpiece is a study in grandeur, its exterior gallery walls featuring extensive, superb bas-reliefs, particularly the East and South Galleries. Our next stop is at Ta Prohm that, unlike most other Angkor

temples, has been left just as it was when rediscovered: a photogenic and atmospheric maze of trees growing out of temple ruins amidst jungle surroundings, making it one of Angkor's most popular temples with visitors.

We end the day with Angkor Wat, easily the most famous and best-preserved of all temples within the Angkor complex. It is a massive three-tiered structure crowned by five lotus-like towers rising 65 meters from ground level. The centrepiece of any visit to the temples around Siem Reap, Angkor offers many iconic sights for amazing pictures. Overnight in Siem Reap. Cycling distance: approx. 40km (2 ways by bike)
