These stunning stone circles give you a glimpse into the spirituality of the past, and offer an experience you're sure to remember. After admiring the spiritual majesty of this Neolithic site, you continue to the incredible geological formations of the Jurassic Coast, where the cliffs are full of fossils from the age of dinosaurs. We travel along the coast to the Durdle Door, a beautiful natural limestone arch that juts into the ocean. Take your time exploring the coast before heading to the historic city of Exeter. Once the most westerly fortified settlement in Roman Britain, this town boasts ancient city walls, a Norman castle, gothic cathedral, Tudor heritage, a quayside, and a vibrant commercial and restaurant area. You stay in Exeter for the next two nights.
