Today will be spent exploring the vast plains of the Masai Mara, starting early with a game drive before breakfast, and returning to the lodge for meals. This reserve is an extension of the Serengeti ecosystem to the south. Game abounds here, particularly when the migration is on, and millions of wildebeests and zebras make their way back and forth across the Mara River on their annual trek. The Mara is also noted for its abundance of lions - particularly the superb black manned males. You'll see lots of elephants here often in large herds, as well as, if you're lucky, leopard, cheetah and rhino. All of the Big Five are residents. You're sure to see the African buffalo. The huge expanse of grassland covers 320 sq km and is dotted with distinctive flat-topped acacia trees are watered by two rivers, Mara River and Talek River. It is also home to the nomadic Maasai people, who can be seen grazing their cattle, usually brightly dressed in red chequered capes. Get the cameras ready, stock up on film and enjoy yourselves!
