Detailed Itinerary

Day 01: Uncover the beautiful Santorini

Visit at the Prehistoric Museum of Santorini. The exhibition endeavors to sketch the course of Thera in prehistoric times, through selected finds from the thousands in the storerooms. This was a dynamic and creative course that established the city at Akrotiri as one of the most important Aegean centers during the

18th and 17th centuries B.C. The licensed guide will give you the chance to discover the prehistoric town which was destroyed by the huge eruption of 1612BC. You will have the impression that the past is unfolding ahead walking around the paths and very well-maintained buildings. Free time for lunch or swimming at the longest Black sandy beach on the island. Photo stop for panoramic view from the highest point of the island, the mountain of Prophet Elias.
