From here, we start our kayaking adventure. We will traverse along the meandering Shiripuno River. While you enter the Yasuni, you can enjoy the lush green sea of rainforest and its unique inhabitants since you will likely get a good look at some of the different animal species that live in this magical place. Once we end the ride, enjoy a 4-hour hike through the pristine forest, culminating in a breathtaking hilltop where you can enjoy a 360-degree view of the lush rainforest. We'll find a nice spot to serve lunch in the shadow of the surrounding trees. After this experience, we'll head back to the Camp before 6:00 p.m. On the road back, we'll take advantage of the darkness to spot caimans and observe nocturnal wildlife. Low river levels attract jaguars, capybaras, caimans, and turtles, making it an exciting time for wildlife sightings. Enjoy dinner to give adventure a rest for the day.
